UNDRDOG ATHLETIX
UNDERESTIMATED NEVER DEFEATED REMAIN DEPENDANT ON GOD

In the book of James in Chapter 4, we read that to be in friendship with the world is to be an enemy of God. Living for Christ in todays world can often times put you at odds with the expectations and norms of popular culture. For Christian Athletes, the world will tell us to keep our faith and sport separate. Pro-athletes can be in danger of losing endorsement deals or sponsorships just for proclaiming the name of Jesus. We wanted to create a brand that would ENCOURAGE athletes to find their voice in how they can represent their faith. Undrdog Athletix is a community dedicated to helping Christian Athletes bring the good news of the gospel to people and audiences across the world.

November Verse

Psalm 46:5
 God is within her, she will not fall;
 God will help her at break of day.

MSgt Denarius Mitchell – Ministry Partner

MSgt Denarius Mitchell is originally from a small town in Mississippi. While he has served in the United States Air Force for 20 years, his greatest passion is sharing the gospel. "I love telling people about Jesus, encouraging them to grow in their faith, and helping them see how they can be a shining light in a dark world. I'm blessed to serve in youth and children's ministry at my church, where I get to help raise up the next generation of believers, while also using social media to boldly share the gospel and make disciples beyond the church walls. If it's God's will, I hope to one day serve as a youth pastor, continuing to equip and inspire others to live boldly for Him."

MSgt Mitchell's Air Force journey began in 2005 from his hometown of Tupelo, Mississippi. His first job was in Aircrew Flight Equipment, where he made sure parachutes, oxygen masks, and survival gear were always ready to go, because when you're flying, every second and every piece of equipment matters! Over the years, the Air Force has taken him all over the world and given him experiences he could've only dreamed of. Each stop has shaped, taught, and reminded him how grateful he is to serve.

Since 2016, MSgt Mitchell has had the honor of serving as an Air Force recruiter, helping others take that same leap of faith he once did. Out of all his assignments, my favorite season was when I got to recruit doctors, nurses, and dentists into the Air Force.

Morgan Burks – MAVS KC

I began playing rec volleyball when I was in 3rd grade and my coaches kept making comments to me about "having good hands". It wasn't until after my first full club season that I made the decision to primarily pursue setting. I had worked so much on all-around skills, I sometimes wondered if my setting wasn't as good as others. Over the past year, I really started focusing more on my setting and becoming a leader on the court. I've worked hard to prove to myself and others that I belong and have the skills needed to help my team. I'm grateful for my club's technical director and my coach for believing and pushing me further than I thought possible!!

I've grown up in a Christian home and am grateful to have been saved from the age of 9!. My parents have always encouraged me to prioritize my faith and relationship with Christ in all I do, frequently asking me "Who do you play for?" and "How do you play for Him?" I'm so excited to work with Setter Vision because they live out the same beliefs as what I've been taught and help provide a platform using my love for volleyball to glorify God. Jon has been great at not only reminding me that I'm more than just the sport I play, but that I'm a daughter of the King. He is available to review videos I send him, forming highlight reels and providing helpful critiques to improve my skills. I'm excited to continue working with Setter Vision over the next few years to not only take my game to a higher level, but also to continue building my faith into a platform that might reach others for His kingdom.
